

Total electric-field amplitude in the xz plane ($y = 0$)
 $a_z = 3 \mu\text{m}$, $b_{xy} = 5 \mu\text{m}$; $n_p = 1.365$, $n_m = 1.335381534$, $\lambda_0 = 532 \text{ nm}$
 Raw fields; white outline: spheroid boundary; arrows: incident direction
